### Wraith Tactical, LLC. Limited Lifetime Warranty

Wraith Tactical, LLC. offers a limited lifetime warranty on our products; against manufacturing and material defects for the acceptable service lifetime of the product. This warranty is intended only for every day service use and does not imply coverage for; modifications or alterations to the product, accidental destruction or improper use causing damage or on any custom manufactured items.

A product's "lifetime" specifically refers to the acceptable service life of the product, or at such a time that, through normal use, the product would be expected to no longer function like a new product. The determination of whether a product's expected lifetime has been exceeded will be made by Wraith as normal wear and tear, extended length of time causing a natural breakdown of materials, miss-use, or destruction through negligence are not covered.

Wraith Tactical, LLC. does not cover repairs or replacements beyond material manufacturing failure or beyond the acceptable lifetime of the product under this warranty. Any repair or replacement, services, or product return shipping will be at the expense of the customer. Wraith Tactical will not ship, repair, or replace any product until pre-approval for payment is established with the client.

Wraith's products are designed at superior standards but because of the nature of our products and their purpose of use it should be expected that at some point all products will begin to show normal wear and tear. Even further because the hazardous nature and conditions that our products may be exposed to that there may be accelerated deterioration in product duration and would not be considered as normal service life conditions.

The determination of whether or not a product will be repaired or replaced under this warranty will be on a case-by-case basis, and at the sole discretion of Wraith Tactical, LLC. All warranty requests must be sent to Wraith Tactical for review and evaluation.
